Further Comments	Actions or Considerations
Consistency over consequences The rewarding of children to be more fair & consciously done to spread across the class	As a school, we are reviewing our behaviour policy. We will endeavor to be more consistent.
involve the parents more	<ul style="list-style-type: none"><li>- Inviting parents into Celebration Assemblies</li><li>- Organising Family Learning sessions</li><li>- Parent readers are always welcome</li><li>- We always need helpers for trips!</li></ul>
Give us more notice there is a lot of last minute own clothes days Inform of upcoming events in advance so parents are able to attend as we have work commitments.	Whole year diary should alleviate this.
More school trips There's no educational trips or visits to museums, galleries, places of historical/ political geographical interest When I was at school we went on plenty of school trip	This is a tricky one! The cost of trips has increased dramatically. We try to balance trips to make sure parents are not paying for lots all in one year. This is also why we stagger the residential: our residential years are always 2, 4 and 6. We are creating an Enrichment Calendar to share which maps these opportunities out for you.
More permanent after school clubs	As our after school clubs are run by our staff, in their own time, we cannot expect staff to run a club permanently. We work hard to offer a variety of clubs so that children who have different interests will always find something to attend over the year.
You're area of send is great with 1 to 1 support I just feel there is not enough support for children who are gifted	Staff are working hard to challenge gifted and talented children in all lessons. We are looking at attending Gifted and Talented writers days in cluster schools.
Re look at policy on Calpol.	We have updated the policy- please see the letter which was sent on 15.10.24
More flexible around dropping off in the morning. Don't make us all stand in the rain, allow children to enter the school immediately	We will open the classroom doors at 8:40am if it is persistently raining.
Don't hold learning journals anymore as we see their work at Parents Evening and if their parents can't attend due to work commitments the child is very upset and it's disheartening.	As a working mum, I understand this one. However, there are many parents who love this time with their child. Please be assured that if you can't attend, we make a fuss of your child and ask them to share with an adult what they are proud of.
When it's the first day of a new year have signs on a come with year groups written or the teachers waiting for the children so they	This will be considered for Sept.

## Parent Survey October 2024

know where to go as I've seen this multiple years everyone is confused on which line to stand in especially reception class.	
Make toast more affordable for children to eat.	Sadly, the price of toast is not under our control.
Year 3 and above don't get fruit anymore when they reach juniors? If anything they would be more hungry - all children in every year group should be given fruit in the afternoon	Again, sadly this is not in our control. The government fund the Free Fruit. We do pop spare fruit in the Children's Kitchen for anyone to help themselves to if they are hungry.
Less homework, they get enough in high school and harder to support child when parents are working as well as their own extra activities they do after school.	We will review how much we are sending home and ensure that this is manageable with a busy home life.
Physical Paper information option for parents that find it hard with seesaw updates	The main reason we have graduated towards Seesaw is to reduce the amount of paper and waste we use across the school. When this app was first rolled out, we calculated that we saved over 3000 pieces of paper in a three-month period.
